

NOTICE IS HEREBY GIVEN that the Town of Pulaski, Iowa County WI is accepting sealed bids for 3 culvert replacements and 1 extension for the Fairview Rd LRIP Project 19692.

Culverts must follow WisDOT standards (eg corrugated steel pipe). All materials to be supplied by contractor. Backfill must be compacted to 95% of max density to prevent settling. Traffic control, locates, and all materials required to replace and extend the culverts in the project. Erosion control is required at all culvert locations. Proper drainage and leveling of ditches and seeding at each location. Contractor is required to haul old culverts back to township shop if culverts are in decent condition or haul away junk culverts.

Culvert size replacement

18" by 38'

18" by 42'

15" by 38'
